“A nation of well-informed men who have been taught to know and prize the rights which God has given them cannot be enslaved. It is in the region of ignorance that tyranny begins.”

Don't we already have a lawful government?

NO. What we have may be best referred to as a de facto governance, a corporation, an actual legal fiction that dazzles us with falsehoods and facade operations. This corporation does not work for our benefit, although it pretends to do so.

How long has this been going on?

A corporation existed before the Revolutionary War. The founding fathers, right from the beginning, had planned to **NOT** allow a Republic to continue to exist and they replaced our Republic with a Corporation 240 years ago.

The Declaration of Independence states: **“That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed”.**

The **Organic Laws** clearly provide the way for you to be **self-governed**. The **true organic intention** of the documents (listed below)

- 1. Declaration of Independence**
- 2. The Articles of Confederation**
- 3. The Northwest Ordinance**
- 4. The Constitution for the united states of America 1787**

was to safeguard the rights and freedoms of the people from intrusive government, not to give excessive rights and freedoms to government.

Pennsylvania was the first colony “brought forward” in 2011 by Jim Wright, who began the initiative under advice from Dr. Eduardo Rivera. Mr. Wright was contacted by an informed expert in the Pentagon, who asked if he could help bring all the States forward and establish Lawful government in America, in order to then lawfully bring in support from the US Military.

A group of men and women worked together to bring the 13 Colonies into a Union of 13 Nation-states. On March 25, 2018, a Committee of States formed through the Continental Congress, went into session and brought forward 26 Territories to form a lawful Republic. Lawful Notice was given to the world court, The Hague.

According to the **Articles of Confederation**, this Republic has the right to invite the remaining Territories, Canadian Provinces and Indian Nations into this Republic.

What are your Rights?

- **Life**
- **Liberty**
- **The pursuit of happiness.**

“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.”

Why join?

“Enlighten the people generally, and tyranny and oppressions of the body and mind will vanish like the evil spirits at the dawn of day.”

The Maxims we are built on

- a) *A workman is worthy of his hire. (thou shalt not steal)*
- b) *All are equal under the law. (no one is above the law)*
- c) *In commerce, truth is sovereign. (thou shalt not bear false witness)*

What do you do to join?

Each Territory, Nation or Province that wants to join will need to invite five people to hold a Jural Assembly.

This Jural Assembly will then vote and bring forward the Territory, Nation or Province into the Republic, but **only** with the **true organic intentions** of the founding fathers.

They will deal with treaties, constitution, seal, medallion, and coat of arms for their respective Territory, Nation or Province. They will also need to elect a delegate and alternate to represent the people.

A representative from the Republic will guide you through the organization stages, paperwork, and meeting process. Education will be available to support the new private status.

All treaties and constitutions bind us to the corporation. By following the above lawful process, it **breaks** the corporate chains and gives you **freedom to self-governance**.

Mission Statement:

“You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete.”

- R. Buckminster Fuller

"Man does not weave this web of life. He is merely a strand of it. Whatever he does to the web, he does to himself.

Take only memories, leave nothing but footprints.

All things share the same breath - the beast, the tree, the man... the air shares its spirit with all the life it supports.” - Chief Seattle
