

My intellectual integrity prevents us from calling this a collapse. This is why I choose to speak up. My conscience leaves me no other choice. **DrJudyWood.com** on **WTC 911 NYC**

## Within your Grasp !

To Architects, Engineers, Contractors.

We learned of building sciences, the solidity or brick, block, concrete & steel. Their permanence is why we build with them.

Concrete & steel are excellent to build, but to demolish them takes huge force !

In **10 minutes, You can know** by watching nationally broadcast videos of the World Trade towers, the WTC, in NYC on 9-12.

The **buildings did NOT collapse** from jet fuel fires or even internal explosives.

The buildings were **pulverized into dust and blew away**. The day after, broadcast video revealed the debris of the buildings **was not on the ground** where the buildings had been. Newscasters said that.

### Judy Wood IRREFUTABLE

News, media & 9-11 Commission suppresses this. The public does not know.

**You know**, from building, the extreme force to pulverize concrete, steel & glass to dust.

A **million tons** of concrete, steel & glass vanished, Dematerialized. Where did it go?

Layman can be easily confused and deceived. I served on the National Council of Architectural Reg. Board. It Is **OUR** duty in the building industry to **protect the public**.

No one should put people in harm's way, When we see this folly, we **MUST SPEAK!**

Henry & Ted Elden served on W. Va. State Arch. Board & NCARB Natl. Council of Architect Reg. Brd.

By direct **observation**, you can know what we are told is NOT possible. This 9-11 event divided our nation. Some can think and clearly see HUGE forces destroyed the WTC and people. Some people **CHOOSE** to **accept the lies** of government, news, universities so they **pretend** some foreigners over powered mighty USA.

The forces which destroyed WTC are like those that burnt up 1,000s of homes in No. California recently. Did DEW ,direct energy weapons, destroy the homes; steel, stone & cars, yet did NOT burn the nearby trees? At NYC, 1,000s of papers **did not burn**, while HUGE forces destroyed the WTC Towers.

Evil prospers when good men do nothing.

I studied 9-11 for 1,500+ hours. I know of political forces, opportunities to "war" with Afghanistan (who was not involved with 9-11) and to send US military forces to **increase crops** to record opium production.

You can think only of World Trade Center or you can begin to see a bigger picture.

We can observe and think. Once you solve any conspiracy, you gain a new way to see the world.

I've been architect 40 years. I investigated 9-11. It's easy to understand. Turn off your TV & news. Think

You're intelligent. You can figure this out. You may have family, job, responsibilities and think you are exempt from seeing & speaking.

The world staggers under the control of evil rulers. Evil thrives when good men don't act. We have a duty to our fellow man. We, the elect, **must speak** to explain the physical phenomena that destroyed WTC.

**DrJudyWood.com** You can & must know.

The truth will make us Free. John 832

### WTC Evidence that Must be Explained <sup>4</sup>

We stand at the dawn of a new age. By the evidence, **man** has in his hands a **method of disrupting the molecular basis for matter** and the ability, very possibly, to split the earth in half on a moment's notice. The **technology demonstrated on 9/11** can, indeed, split the earth in half, or it can be used to allow all people to live fruitful, constructive, and non-polluting lives through their use of free energy. **He who controls energy, controls people.**

Energy can be used to **destroy** or **sustain** our earth.

We have a choice. We can live fruitfully, happily & productively, or we can destroy the planet & die, all of us, with every living being on this planet.

For these reasons Judy Wood studied the evidence of what happened on 9/11. 9/11 was a demonstration to the world of a new **technology known as free energy**. This is a force that can be used for **demonic**, ruinous, Earth destructive purposes. Or it can be **used for the good of us**, of the Earth, and of our civilizations. We have a choice.

Explain why ejecta was being propelled **upward** in what officials said was **downward** "collapse," Here are Facts of destruction of WTC

- **Hurricane Erin** was located just off Long Island throughout day of 9/11/01, Why did pilots not see the Hurricane ? Why wasn't it reported in news ?
- about 1,400 motor **vehicles were toasted** in strange ways during the destruction of the Twin Towers. Metals damaged, vinyl not disturbed. Cars were  $\frac{1}{2}$  **mile away from the WTC** Damage was by **electromagnetic force, not by heat of fire.**
- Large volumes of dust made of nano-sized particles went up, enough to block out 100% of sunlight in some areas.
- There was **absence of high heat**. Witnesses said dust cloud felt cooler.
- WTC dust breaks down, finer & finer long after 9/11.

- 1st responders on 9/11 testified as to toasted cars, spontaneous "fires" (including the flaming heavy coat of a running medic, who survived), the **instant disappearance** of people, a **plane turning into a fireball in mid-air**, electrical power cut off moments before WTC 2 destruction, and the sound of **explosions**.
- For **7+ years after 9-11**, regions in the ground under where the main body of WTC 4 stood have **continued to fume. WHY?**
- Magnetometer readings from **6 stations in AK** recorded abrupt shifts in the **Earth's magnetic** field as each of the major destructive events unfolded at the WTC on 9/11. **WHY?** (HAARP ?)
- Many **cars** in neighborhood of WTC complex were **flipped** upside down. They were adjacent to trees with full foliage, not stripped by high wind.
- More **damage** was done to the bathtub by **earth-moving equipment** during the clean-up process than from the destruction of more than a **million tons of buildings** above it. **WHY?**
- Most of the destroyed towers underwent **mid-air pulverization** and were **turned to dust before they hit the ground. WHY?**
- Near-**instant rusting** of affected steel, evidence of molecular dissociation & transmutation. **WHY?**
- Of **3,000 toilets** in WTC 1 and WTC 2, not 1 survived, nor was any recognizable portion found. **WHY?**
- Only **1 piece of office equipment** in the WTC complex, a filing cabinet survived.
- Only north wing of WTC 4 remained, neatly sliced from the main body, which virtually disappeared.
- The "Collapse" of WTC hardly damaged other buildings.
- underground Rail lines, tunnels & rail cars at levels under WTC complex had only light damage. **WHY?**
- Sheets of **plain office paper** were omnipresent throughout lower Manhattan after each tower's destruction. This paper, however, **remained unburned**, even though it was often immediately adjacent to flaming cars or steel beams glowing red,

yellow, even white. **WHY?**

- **Steel columns** in WTC were **curled** around vertical axes like *rolled-up carpets*. Columns, when they buckle from overloaded, bend around horizontal, not the vertical, axis.
- **WTC Bldg. 7** collapsed at 5:30 pm, quietly. It made no seismic signal. No plane hit it nor were there big fires. 47 story bldg was worth \$  $\frac{3}{4}$  billion. **WHY?**
- The majority of towers (WTC 1, WTC 2, WTC 3, WTC 7) didn't remain as rigid bodies falling. **WHY?**
- Seismic impact was minimal during destructions of WTC 1, WTC 2 & WTC 7 & too small to correspond with a conventional "collapse" as based on a comparison with **Kingdome controlled demolition**.
- WTC were destroyed in a **quicker** than can be explained by physics as a "collapse" at **free-fall speed**.
- The upper **80 %**, approximately; of each tower **turned into fine dust & did not crash to earth. WHY?**
- The upper **90 %**, approximately; of inside of WTC 7 was turned into **fine dust** and did not crash to the earth. Consider **all available evidence**.

Before sundown on 9/11/01, **7 buildings** lay in ruins, some of which quite simply looked bombed.

One of those buildings in ruins, a 47-story tower, had **not** even, in its disappearance, **produced a seismic impact** significantly above beyond normal background .

Impossible as it may seem, most of the **steel** from those towers also **vanished**, literally **turned into dust**. From Day One of clearing ground zero, around-the-clock photos of the demolition were taken. Did you see any photos of the **3000 truckloads** of **steel** being driven away? Nor did I.

No fact, events anomalies, or phenomena listed, discussed & analyzed in book can be explained by **airliner crashes, jet fuel fires**, or any scheme of **controlled demolition**. For more info, contact.
